Vikram A Sarabhai Community Science Centre (VASCSC) is a pioneering Community Science Centre founded by Dr. Vikram Sarabhai in 1966. VASCSC is promoting innovation through different initiatives to motivate students and teachers to explore science through a variety of interesting programmes.

**Space Club programme**

VASCSC is offering this programme for schools to provide a platform to learn the basics of space science concepts related to Model Rocketry, Astronomy, Aeronautics and Satellites. From the past two years, this programme received an overwhelming response. This year continuing this programme, VASCSC intends to set up some more school space clubs in Gujarat.

VASCSC will provide the basic material, guidance on various activities, orientation programmes for teachers and necessary handholding to set up space clubs in the selected host schools. It will act as a common hub for different school space clubs.

This initiative is a part of the project 'Innovation in Science and Mathematics Education', supported by Oracle.

**Role of the School**

- Have a dedicated & adequate space to conduct club activities
- Designate a coordinator for this program preferably a science teacher
- Plan and conduct periodic activities, events, workshops and competitions related to space science
- Document all activities and send monthly reports, photographs, videos and impact stories to VASCSC.

**Programme Details**

<table>
<thead>
<tr>
